2021 Spring and Summer Undergraduate Fellows

During the Spring and Summer of 2021, over 300 Stanford students engaged in immersive virtual service opportunities with organizations located around the world. See a map (http://cardinalquarterfellows.cardinalservice.org) illustrating the organizations our fellows worked with during the two quarters.*

*Due to COVID-19, our students worked virtually with their host organizations in the spring and summer of 2021.

The students listed below were supported or co-sponsored by the Haas Center for Public Service’s Undergraduate Fellowships Program.

Advancing Gender Equity Fellows
The Advancing Gender Equity Fellowship is a joint program with the Women’s Community Center and enables students to learn about gender, diversity, and social justice through a summer practicum with a nonprofit organization or government agency addressing social, political, or economic issues affecting women.

- **Nazli Dakad, ‘24 (Undeclared); RepresentWomen, Takoma Park, MD.** Nazli interned at RepresentWomen, a non-profit organization advancing gender parity in politics through research, education, and advocacy. She created one-page briefs on the state of gender parity in Turkey, Switzerland, Denmark, and France, wrote an op-ed on gender-just climate solutions, and worked with the development team to compile and research potential donor sources.

- **Grace Davis, ‘22 (Psychology); End Rape on Campus, Washington, D.C.** Grace was the Campus Data Fellow for End Rape On Campus, an initiative of the nonprofit organization Civic Nation that works to end campus sexual violence through survivor support, prevention education, and policy reform. During her fellowship, she helped develop EROC’s Campus Accountability Map and Tool, including recruiting and managing a cohort of data-collecting volunteers, and she now continues to work for EROC part-time.

- **Francesca Malayeri, ‘24 (Undeclared); Tomorrow's Women, Santa Fe, NM.** Francesca interned for Tomorrow’s Women, an all-women-run nonprofit organization that works with Israeli and Palestinian women to teach peacekeeping and leadership skills. As an intern, she worked closely with assisting for leadership summit details, curated new promotional and donor materials, connected with alumnae and compiled their current accomplishments, and supported women awarded microgrants as their spearheaded community projects.

- **Etienne Reche-Ley, ‘23 (Political Science); PATH, Seattle, WA.** Etienne was the first undergraduate intern at PATH Seattle, a global health organization based in Seattle, Washington. She was part of the Maternal and Newborn Care team, focusing specifically on maternal and infant nutrition and mortality and authored a paper on the ethical human rights of new mothers immediately postpartum.
Alexander Tung Memorial Fellow

Through the Alexander Tung Memorial Fellowship, students can explore the use of science and technology for the benefit of society at large.

- **Uma Phatak, ’23 (Computer Science); Organizing Empowerment Project, Madison, WI.** Uma interned at Organizing Empowerment Project (OEP), a nonprofit that provides relational organizing technology and training to community partners and grassroots organizations, who work on topics ranging from supporting political campaigns to combating COVID-19 vaccine hesitancy. Uma worked on OEP’s web app, which is used to facilitate relational organizing, implementing features like allowing organization directors to edit their organization’s information, and creating a web version of the mobile app to easily present to donors and interested organizations, that made it easier for organizations to use the app to inspire change.

Andrea Naomi Leiderman Fellows

The Andrea Naomi Leiderman Fellowship supports undergraduate students conducting research related to underserved youth in California.

- **Kayla Thomas, ’21 (Psychology); San Francisco Unified School District, San Francisco, CA.** Kayla worked as a research assistant at the Stanford Project on Adaptation and Resilience in Kids (the SPARK Lab), which studies how adversity influences the development of children. She helped coordinate a study done in partnership with San Francisco Unified School District on social emotional learning in preschools.

- **Jasmin Zazaboi, ’23 (Undeclared); San Francisco Unified School District, San Francisco, CA.** Jasmin interned with Stanford’s SPARK lab where she worked on projects related to early childhood social and emotional development. She helped to prepare materials for the social and emotional learning curriculum being implemented by the San Francisco Unified School District.

Andrew J. Daher Memorial Fellow

The Andrew J. Daher Memorial Fellowship encourages students to develop projects that explore the intersections of business or economics and public service.

- **Edwin Ong, ’23 (Economics); Small Business Administration, Seattle, WA.** Edwin interned at the U.S. Small Business Administration (SBA) Seattle district office. The SBA is a federal agency whose mission is to support small businesses in all stages of their growth. Edwin created and implemented solutions to improve SBA program delivery to the local Asian and Pacific Islander business community to help ensure equitable small business growth.

Partnerships for Climate Justice (PCJ) in the Bay Area Fellows

Fellows work with a partner in the PCJ in the Bay initiative to help build climate resilience and an equitable transition to clean energy in the Bay Area, with an environmental justice lens.

- **Taylor Malina, ’24 (Undeclared); Climate Resilient Communities, Palo Alto, CA.** Taylor helped develop and write up the CRC’s youth education program through planning an event called the
"Climate Youth Collective" that consisted of a roundtable discussion for youth to voice their concerns and opinions regarding environmental justice. Taylor also launched the Instagram and TikTok accounts for CRC.

- **Tina Truong, ’24 (Undeclared); Valley Verde, San Jose, CA.** Tina translated the Home Gardening Program curriculum into Vietnamese, created and managed social media posts for the opening of Valley Verde's Homeland Nursery, and contacted Vietnamese businesses in San Jose and worked on ways Valley Verde can connect with the Vietnamese population.

- **Cher Nomura, ’22 (Earth Systems); North Fair Oaks Community Alliance, Redwood City, CA.** Cher created an informative and visual bulletin that was digitally distributed to North Fair Oaks (NFO) community members and other subscribers in order to keep NFO residents informed and up to date on the goals, projects and events taking place in North Fair Oaks through the North Fair Oaks Community Alliance (NFOCA). She also assembled and edited three separate videos with the purpose of relaying succinct but descriptive information on (1) What is North Fair Oaks, (2) What is the North Fair Oaks Community Alliance, and (3) What is the BAT Program.

**Black Diaspora Fellow**
The Black Diaspora Fellowship affords students the opportunity to serve in organizations that work on issues central to achieving justice and equity for Black communities.

- **Emily Nichols, ’23 (African American Studies and Science, Technology, and Society); The Bail Project, Los Angeles, CA.** Emily interned at The Bail Project, an organization dedicated to fighting to prevent incarceration and combating racial and economic disparities in the bail system. She conducted research on policymakers legislation and wrote policy memos that addressed discrimination and racism within pretrial detention systems.

**Chicanx/Latinx Communities Fellows**
The Chicanx/Latinx Communities Fellowship enables students to engage with Chicanx/Latinx communities and apply their experience, academic pursuits, and leadership to address issues of race, social justice, equity, inclusion, and artistic expressive history in movements for social change centered on the Chicanx/Latinx experience.

- **Mario Gonzalez Ramirez, ’24 (Undeclared); UCSF Latinx Center of Excellence, San Francisco, CA.** Mario interned at the UCSF Latinx Center of Excellence, an academic and community orientated organization dedicated to improving the healthcare of California through workforce diversity programs and community outreach. He created Spanish-translated policy briefs around COVID-19 vaccine outreach and conducted qualitative analysis on vaccine hesitancy among young adults.

- **Melina Seligman-Tovar, ’24 (Undeclared); Immigration Institute of the Bay Area, Redwood City, CA.** Melina interned at the Immigration Institute of the Bay Area, a nonprofit organization that provides immigration legal services, monthly citizenship workshops, and free citizenship classes in San Mateo County. In her internship, Melina streamlined and administered a process for DACA initial applications, she conducted interviews and synthesized data to write DACA and U Visa
declarations for clients with complex cases, and she interpreted for Spanish-speaking naturalization and DACA clients at IIBA workshops.

CS+Social Good Fellows
CS+Social Good Fellows work with organizations using technology to address social issues.

• Abhinav Agarwal, ’24 (Undeclared); Chopra Foundation, Carlsbad, CA. Abhinav did a CS+SG Fellowship with Chopra Foundation, a nonprofit organization that uses technology to give dignified aspirational work to rural Indians in order to move them out of poverty. He designed a WhatsApp chatbot to make receiving work and getting paid through the organization accessible to a larger population. He also led a study to see how quickly can villagers with zero prior English exposure can learn English in order to effectively perform digitization tasks.

• Riley Carlson, ’24 (Undeclared); Chopra Foundation, Carlsbad, CA. Riley interned at the Chopra Foundation, a nonprofit organization with the goal of providing dignified work to areas with extreme poverty in India. She developed a system that provides feedback of the work to ensure the maximum amount of pay possible.

• Jayendra Chauhan, ’24 (Computer Science); Chopra Foundation, Carlsbad, CA. Jay interned at the Chopra Foundation, a nonprofit in India dedicated to eradicating extreme poverty. He worked on segmenting confidential forms to help create privacy-regulation compliant translation jobs for low income Indians.

• Christina Ding, ’21 (Computer Science); CareerVillage, Palo Alto, CA. Christina interned at CareerVillage.org, an education technology nonprofit that aims to help increase accessibility to career information for students from all backgrounds. She implemented a new feed feature for the website that allows students to celebrate each other's career development achievements.

• Poojit Hegde, ’23 (Undeclared); Accountability Counsel, San Francisco, CA. Poojit interned with Accountability Counsel, a nonprofit organization that advocates for people harmed by internationally financed projects and amplifies the voices of communities around the world to protect their human rights and environment. He designed web scrapers to collect and aggregate development project data in order to analyze ‘dark spots’ in accountability, and he also compiled a research report on agribusiness-related harms in the realm of international finance.

• Rebecca Pattichis, ’22 (Computer Science); Raheem, Oakland, CA. Rebecca interned at Raheem, a nonprofit abolitionist organization that intends to provide a world without police, allowing community members to report violent interactions with police. She worked on their new project PATCH (People and Technology for Community Health), an app meant to connect community organizers to coordinate their response and resources for people requesting help.

• Alexis Perez, ’23 (Computer Science); CareerVillage, Palo Alto, CA. Alexis interned at CareerVillage, a nonprofit organization that helps students get career advice online from real-world professionals with a focus on reaching underrepresented youth. Alexis’s role was in web development. He worked on expanding the user onboarding to collect more data on users profiles.
• **Jason Ping, ‘24 (Computer Science); Recidiviz, San Francisco, CA.** Jason interned at Recidiviz, a nonprofit organization that technology and leverages data science tools to help fight mass incarceration. He worked as a software engineering intern working on the data infrastructure tools and managing data ingestion.

• **Patricia Wei, ‘23 (Undeclared); San Jose Mayor’s Office of Technology and Innovation, San Jose, CA.** Patricia interned in her hometown, San Jose, with the Mayor’s Office of Technology and Innovation. She worked with SJ 311, which connects residents to city services, and led an effort to make the platform more accessible to disabled residents.

**Donald Kennedy Public Service Fellows**

Through the Donald Kennedy Public Service Fellowship, students develop and implement innovative service projects in collaboration with communities to address identified needs.

• **Kira Conte, ‘24 (Psychology); Youcubed, Palo Alto, CA.** Kira worked at Youcubed, a nonprofit organization that educates and empowers mathematics teachers by providing innovative educational materials and growth mindsets. She worked on a new data science initiative writing an freely accessible and adaptable high school data science course.

• **Chante Cottman, ‘21 (Feminist, Gender, and Sexuality Studies); Our Family Coalition, San Francisco, CA.** Chante interned at Our Family Coalition, a LGBTQ+ support, education, and advocacy nonprofit organization that provides services for families, youth, educators, administrators and community members in the Bay Area and California at large. They managed the organization's website and published queer-inclusive history and interdisciplinary lesson plans for California teachers, grades K-12.

• **Ummara Khan, ‘23 (Economics); LifeMoves, Menlo Park, CA.** Ummara interned with LifeMoves, a nonprofit organization that provides housing and support services to individuals facing housing insecurity in the bay area. She helped modify the curriculum to teach CPR and First-Aid to individuals at LifeMoves sites and worked to implement a program at LifeMoves that will use this curriculum in the coming year.

• **Naryeong Kim, ‘23 (Bioengineering); Asian-Maeul: Migrant Community Center, Seongnam, South Korea.** Naryeong interned at Asian-Maeul, a nonprofit organization that works with migrants to provide trauma-informed educational, health, and legal services. She created Nanum, a health services network that provides medico-legal reports in court cases ranging from immigration to sexual abuse for migrants in South Korea. She also assisted in analyzing domestic abuse cases specific to migrant women on F-6 VISA.

• **Tatum La, ‘24 (Undeclared); The Better Lab, San Francisco, CA.** Tatum interned at The Better Lab, a UCSF research lab that uses human-centered design to study and tackle healthcare challenges. In addition to assisting with various design projects, she redesigned the lab’s social media strategy and created a social media best practices guide to strengthen their marketing efforts.
Karen Villanueva, ’22 (Psychology); Psychology For All, Charlotte, NC. Karen interned at Psychology For All, a non-profit organization in Charlotte, North Carolina that connects underserved residents who desire but cannot afford psychological services with local mental health care practitioners. She collected feedback from former and current clients, generated a list of potential providers and partners to join the PFA network, and implemented a webinar series on conversations regarding mental health for the community.

Earth Systems Public Service Fellows
Offered jointly with the Earth Systems Program, the Earth Systems Public Service Summer Fellowship enables students to apply what they have learned through interdisciplinary environmental studies to summer internship experiences.

Tori Flowers, ’23 (Urban Studies); Sustainable San Mateo County, Redwood City, CA. Tori interned at Sustainable San Mateo County, an organization focused on driving impactful action on economic, environmental and social equity issues that leads to sustainable practices and improves the long-term health of San Mateo County. During her 9 weeks with SSMC she hosted informational events on topics relations Sustainability, researched successful sustainability initiatives in place throughout the country, interviewed various field experts, and compiled this information into write-ups for SSMC’s Sustainability Ideas Bank (SIB).

Joshua King, ’22 (Earth Systems); Florence Fang Community Farm, San Francisco, CA. Joshua interned at Florence Fang Community Farm in the Bayview district of San Francisco, a largely minority community and one of the most economically disadvantaged in San Francisco. At FFCF, Joshua wrote their monthly newsletters, helped to develop a business plan, and wrote multiple grants.

Megan King, ’23 (Earth Systems); Sustainable San Mateo County (SSMC), San Mateo, CA. Megan interned at Sustainable San Mateo County (SSMC), a nonprofit organization that strives for a sustainable future for everyone in San Mateo County by focusing on a healthy environment, a green economy and social equity. Megan researched ecology and biodiversity sustainability solutions to help expand SSMC’s Sustainability Ideas Bank.

Education Achievement Fellows
Education Achievement Fellows engage in a summer practicum at education-focused nonprofits, foundations, or government agencies as part of a cohort in Boulder, Colorado.

Carmen Duran, ’23 (Public Policy); “I Have a Dream” Foundation, Boulder, CO. Carmen worked with the affiliate chapter of I Have A Dream Boulder, a nonprofit focused on closing the achievement gap seen between under-served students and their wealthy peers. She helped curate a list of grants and applied for several, as well as helping with other administrative tasks like building programming events and data cleaning.

Theresa Nelson, ’22 (Iberian and Latin American Cultures and Public Policy); ELPASO, Boulder, CO. Theresa spent her summer working with ELPASO, or Engaged Latino Parents Advancing Student Outcomes, a nonprofit in Boulder County that works to close the education achievement gap
between white and Latino students by providing training, support, and advocacy for and with Latino parents in the community. She supported the organization and its different programs by creating resources and manuals, most notable a project that compiled everything that makes ELPASO what it is to be shared with other organizations that want to implement a similar project working with Latino parents in their communities.

- **Cesar Rodriguez, ’24 (Undeclared); “I Have a Dream” Foundation, Boulder, CO.** Cesar was a fellow at the “I Have A Dream” Foundation of Boulder County, a nonprofit organization that provides services to students in low-income communities to close the opportunity and achievement gap. He shared resources to update the curriculum, created videos about his educational path in English and Spanish for students and families, and researched practices in promotores to support a parent programming initiative.

- **Alysson Farris, ’23 (Undeclared); ELPASO, Boulder, CO.** Alysson interned at ELPASO (Engaged Latinx Parents Advancing Student Outcomes), a nonprofit organization that provides resources and training for Latinx parents to be their children’s “first teacher” and to advocate for change within their communities. She analyzed data to create an impact report, Latinx community report, and annual report; and she also worked on a guide for other communities to replicate ELPASO’s programs.

- **Bryan Marquez, ’23 (Undeclared); “I Have a Dream” Foundation, Boulder, CO.** Bryan interned at “I Have A Dream” Foundation, a nonprofit organization that helps students and parents from low income communities further their education. More specifically, he helped parents apply for colleges by researching programs and colleges around the area.

- **Krishnan Nair, ’22 (Undeclared); “I Have a Dream” Foundation, Boulder, CO.** Krishnan interned at the "I Have a Dream" Foundation, Boulder County, a nonprofit organization that provides support for low-income and first-generation students in Boulder as they navigate the education system and pursue higher education. He created resources to help provide information to students and parents about college and career paths, as well as created new designs for the IHDF website.

**Education and Youth Development Fellows**
The Education and Youth Development Fellowship supports programs addressing academic and social needs of underserved youth.

- **Matthew Ayob, ’24 (Computer Science and Music); Edstruments, Redwood City, CA.** Matthew interned at Edstruments, which serves public school administrators by supporting them in their financial management processes. As a software engineering intern, he worked to add features to the inclusive education platform from API integration to optimizing current processes.

- **Maxwell Ojiambo, ’24 (Undeclared); Bananas, Oakland, CA.** Maxwell interned at Bananas, a non-profit organization based in Oakland that connects low-income, underserved, and underrepresented families to childcare services. During his time there, he was instrumental in helping the organization transition to digital operations following the COVID-19 pandemic.

- **Valerie Hernandez, ’24 (Undeclared); Empoder, Los Altos Hills, CA.** Valerie spent the summer interning at Empoder Latinas Code, a nonprofit organization focused on providing free computer
science education to low-income Latina middle school girls. She focused mainly on the operations and partnerships of the virtual summer immersion program.

- **Les Levy, ‘21 (Political Science); Bring Me A Book, Redwood City, CA.** Les interned at Bring Me A Book, a nonprofit organization that provides books and library resources for under-represented low-income groups with a focus on primary aged kids. He focused on forming partnerships in school districts across America for the purpose of adequate book distribution to primary aged kids.

- **Courtney Rosales, ’23 (English); Project Rousseau, New York, NY.** Courtney served as a TASC & Mentorship Fellow for Project Rousseau, a nonprofit organization devoted to providing low-income, underprivileged youth and families in New York with everything from housing, schooling, food, educational enrichment, and mentorship. She worked to foster close, personal connections with over 16 students, helped students with their college applications, prepared and led clubs to foster creativity, and helped connect families with the abundant resources that the organization offers.

- **Randi Titus, ’23 (Undeclared); California Education Partners, San Francisco, CA.** Randi was a fellow at California Education Partners, a nonprofit organization that acts as a facilitator in partnerships between researchers and practitioners in different school districts. She aided in the synthesis of research to be put to use in these school districts and the strengthening of the partnerships themselves.

**Empowering Asian/Asian American Communities Fellowship**
Empowering Asian/Asian American Communities Fellows work on issues related to Asian and/or Asian American community empowerment.

- **Ashley Nguyen, ’23 (Comparative Studies in Race and Ethnicity); Asian Law Alliance, San Jose, CA.** Ashley interned at Asian Law Alliance, a nonprofit law firm that provides an array of legal assistance and representation to low-income communities in the Bay Area with a focus on the Asian Pacific Islander (API) communities. She guided potential clients through legal intakes and effectively served as the messenger between the legal staff and the potential clients.

- **Shriti Parajuli, ‘24 (Undeclared); Asian Health Services, Oakland, CA.** Shriti interned at Asian Health Services, an organization that works towards providing healthcare to the broader Asian population in the Bay Area regardless of income, immigration status, language barriers, and other barriers to health for the community. She worked with her supervisor to create guidelines regarding cryptocurrency in nonprofits and better understanding the South Asian American population in the local community.

**Environmental and Policy Internships in California**
Through a partnership between the Woods Institute for the Environment, Stanford in Government, and the Haas Center, students pursue state environmental policy internships at various agencies in Sacramento.

- **Molly Glickman, ‘23 (Biology); CA Ocean Protection Council, Sacramento, CA.** Molly interned at the California Ocean Protection Council, a government agency that is committed to maintaining and
protecting California's coastal and ocean ecosystems. During her internship, Molly worked with the OPC climate team on microplastic pollution research and helped to draft their statewide microplastics strategy.

- **Jocelyn Thai, ’24 (Undeclared); San Francisco Dept. of the Environment, San Francisco, CA.** Jocelyn interned at the San Francisco Department of the Environment and worked on a wide variety of projects regarding urban forestry, toxics/pollution reduction, and green businesses.

- **Judy Tsegaye, ’21 (Comparative Studies in Race and Ethnicity); Bay Area Air Quality Management District, Office of Environmental Justice, San Francisco, CA.** Judy interned with the Community Engagement team at the Bay Area Air Quality Management District. In her time there, she worked on a variety of projects, including a program for high schoolers interested in transit and equity and a number of workshops to familiarize community members with AB617.

- **Michael Zhu, ’24 (Undeclared); CA Governor's Office of Planning and Research and the Strategic Growth Council, Sacramento, CA.** Michael interned at the California Governor’s Office of Planning and Research, which is the California state planning agency. He conducted economic analyses to support the development of the Community Economic Resilience Fund, a sustainable investment program that supports regional transitions to carbon neutrality.

**Haas Center Cardinal Quarter Fellows**

The Haas Center Cardinal Quarter Fellowships provide funding to students engaging in full-time service opportunities around the world.

- **Nour Aissaoui, ’22 (Human Biology); Equalize Health, San Francisco, CA.** Nour interned at Equalize Health, a nonprofit company that designs innovative and affordable medical devices for the people that are most impacted by issues within maternal and neonatal health. As an impact fellow, she worked on identifying gaps in conventional approaches to the diagnosis and treatment of postpartum hemorrhage in India and Sub-Saharan Africa and investigated potential new products to be developed through stakeholder analysis and prioritization of impact on patients.

- **Grace Barket, ’23 (International Relations); Santa Clara County Public Defender, Santa Clara, CA.** Grace interned at the Santa Clara County Public Defender’s office, under the supervision of a Deputy Public Defender. She helped organize evidence for cases, including compiling information from health records, police reports, and witness testimonies, and listened in on relevant court hearings.

- **Mia Bennett, ’23 (Undeclared); Blue Zones Project, Salinas, CA.** Mia interned at Blue Zones Project, a community health initiative that uses nudges to optimize environments for a healthy lifestyle. She reviewed school district policies to determine how to build a school environment that encourages health and wellbeing.

- **Alexander Bhatt, ’22 (History and Human Biology); Advocate First LLC, Phoenix, AZ.** Alex’s primary responsibilities for Advocate First LLC were to draft medical exhibits based on homeless and/or low-income clients' personal and medical histories. Afterwards, Alex composed a legal brief so that state judges can choose to grant or deny social services. This work required Alex to actively work with local organizations like Social Security (SSI) and Social Security Disability Insurance (SSDI). Alex's
main goal was to make obtaining Food Stamps, Social Security, and medical assistance through the Arizona Healthcare Cost Containment System more equitable and accessible.

- **Anna Chavez, ’23 (Public Policy); Public Citizen, Austin, TX.** Anna interned at Public Citizen’s Texas office, a nonprofit organization that advocates for clean energy and environmental progress in Texas. She researched various environmental concerns in Texas and produced analyses and other deliverables regarding bills during the 87th Texas Legislative Session.

- **Alison Cohen, ’23 (Political Science); U.S. Mission to the United Nations, Geneva, Switzerland.** Ali interned at the U.S. Mission the U.N. in Geneva working for the Public Affairs Team. She took notes on the Human Rights Council and distributed daily briefings on events happening around the world.

- **Ana Maria Cornejo Silva, ’23 (Comparative Literature); Flamenco Vivo, New York, NY.** Ana Maria interned at Flamenco Vivo Carlota Santana, a non-profit flamenco performing arts and arts education organization based in New York City. She wrote pieces for a weekly newsletter on happenings in the flamenco world and helped as Flamenco Vivo partook in the historic Summer Rising summer camp program.

- **Emiliano Corona, ’24 (Undeclared); First Gen Scholars, San Diego, CA.** Emiliano interned at First-Gen Scholars, a San Diego-based nonprofit that helps first-generation students apply to colleges and scholarships through workshops and mentoring. He created a dataset for the organization to build on in future years, as well as an annual report showing the outcomes of the program.

- **Gabriela Cortes, ’24 (Undeclared); Every.org, San Francisco, CA.** Gabriela worked with Every.org, a nonprofit organization that focuses on facilitating fundraising for other nonprofits. She primarily focused on enhancing nonprofit edit features so that users will be better informed of the impact of their donations to different organizations.

- **Gabrielle Crooks, ’23 (International Relations); Accountability Counsel, San Francisco, CA.** Gabby interned at the Accountability Counsel, a human rights organization based in San Francisco, dedicated to advocated for communities around the world who have been harmed due to internationally financed projects. She worked across the organization to support the work of each team (policy, communities, and research), as well as their executive operations.

- **Mahnoor Hyat, ’22 (Psychology); Center for Radical Innovation for Social Change (RISC) at University of Chicago, Chicago, IL.** Mahnoor interned at RISC, which is an organization dedicated to finding creative, novel solutions for social problems through application of the social sciences. She worked on the mental health team to develop an empirically-sound online platform that would reduce loneliness rates amongst young adults while also conducting research on the prevalence of addiction and brainstorming potential interventions for it.

- **Rachel Koo, ’22 (Human Biology); Asian American for Community Involvement: Asian Women’s Home, San Jose, CA.** Rachel interned at Asian Americans for Community Involvement’s Asian Women’s Home, an emergency shelter for survivors of Domestic violence and Human Trafficking. She got trained as a Domestic Violence Advocate and worked with them to develop a study to explore the effects of anti-Asian racism on Asian women Intimate Partner Violence survivors during the time of COVID-19.
• Jessica Lee, ’24 (Undeclared); Environmental Law Program, William S. Richardson School of Law, University of Hawaii at Manoa, Honolulu, HI. This summer, Jessica was an intern at the Environmental Law Program of the William S. Richardson School of Law. During her internship, she worked on a campaign, called Our Drowning Voices, that lobbied the International Union for Conservation of Nature (IUCN) to create a Climate Change Commission.

• Daria Lenz, ’22 (International Relations); Transgender Law Center, Oakland, CA. Daria was a Legal Services Intern at the Transgender Law Center. She worked alongside her mentor, sending response letters to prison inmates whose rights were violated as well as updated prison policies for all the states.

• Tracy Ly, ’24 (Undeclared); Impact Experience, Oakland, CA. Tracy interned at Impact Experience, an organization that transforms marginalized communities through the strategic relationship-building of impact investors, foundations, and entrepreneurs who want to support change. She directly accelerated transformation across communities and industries including healthcare and asset management by contributing to the delivery of convenings and initiatives of Impact Experience that focus on creating bias reduction, community solutions, and impact investment practices.

• Adam Nayak, ’22 (Civil & Environmental Engineering); Environmental Protection Agency, Office of Research and Development, Atlanta, GA. Adam Nayak interned at the U.S. Environmental Protection Agency in the Office of Research and Development. Here he worked alongside environmental engineers to develop a tool that will help government officials, practitioners, and conservationists assess the sustainability of projects that preserve riparian buffer zones, strips of vegetation along streams, rivers and wetlands that help control nutrient levels, sediment runoff and erosion.

• Carolina Nazario, ’24 (Undeclared); NAMI California, Sacramento, CA. Carolina interned at NAMI CA, a mental health nonprofit that provides leadership in advocacy, legislation, policy development, education and support throughout California. She created an Advocacy Kit which breaks down the major policy issues of NAMI CA, ways for members to become involved, and learn more about policy work in this field.

• Ria Reddy, ’24 (Undeclared); Near East South Asia Center for Strategic Studies, Washington, D.C. Ria interned at the Near East South Asia Center for Strategic Studies, the official U.S. Department of Defense institute dedicated to the region extending from North Africa across the Arabian Peninsula and into South Asia. She worked on research that explored Central Asia’s growing vitality, and blossoming relations with neighboring nations.

• Rachel Rivera, ’23 (Public Policy); Responsible Sourcing Network, Berkeley, CA. Rachel interned at Responsible Sourcing Network, a nonprofit that looks into how ethically and responsibly companies source their raw materials. She helped create an investors guide that helps investors and consumers support companies that are doing best practice with regard to sourcing their raw materials.

• Nikita Salunke, ’24 (Undeclared); Sustainable San Mateo County, San Mateo, CA. Nikita researched proven sustainable and climate-friendly solutions in the areas of energy, finance, water, and food & agriculture that cities and local businesses can adopt for Sustainable San Mateo County’s Ideas Bank.
She collected data for the organization’s Indicator’s Report on San Mateo County’s Jobs-Housing Balance and hosted a Roundtable Discussion of local experts in the energy industry.

- **Richa Upadhyay, ’24 (Public Policy); Adventist Health, Central Valley, CA.** Richa worked with Adventist Health Hanford Primary Clinic, which is a hospital that serves rural and underserved populations in central California. She worked on research and proposals to reduce the gap between the supply for and demand of healthcare by addressing the high no-show rates at the clinic.

- **Paloma Vazquez, ’23 (Human Biology); Xinampa, Salinas, CA.** Paloma interned at Xinampa, a non-profit and community lab that aims to provide access to biotechnology through programming that creates economic opportunity to underrepresented communities in Salinas, CA. She aided in the design of a programming map that portrayed the organization’s goals and accomplishments while also leading a bioengineering summer camp for high school students.

- **Alissa Vuillier, ’23 (Computer Science and Political Science); Judicial Council of California, San Francisco, CA.** Alissa interned at the Judicial Council of California, centered around their efforts to modernize the court system. Particularly, she focused on their projects to create an accessible platform for self-representing litigants (SRL) and to redo all the local trial court sites. She worked on user research for the SRL platform for name change and domestic violence restraining order legal processes, contributed to design work, assisted with content creation and strategy, and helped develop and launch trial court sites like San Luis Obispo and Santa Cruz.

- **Sarah Xu, ’24 (Undeclared); Northwest Immigrants Right Project, Tacoma, WA.** Sarah worked as an intern in the Violence Against Women Act (VAWA) Unit at the Northwest Immigrant Rights Project, a nonprofit which provides direct legal representation to immigrant survivors of violence seeking immigration benefits. She filed Visa and Self-Petition immigration applications, communicated directly with clients to gather relevant information, helped assess cases for immigration benefit eligibility, requested Government records, and assisted on all other tasks necessary to assist potential clients.

- **Hope Yoon, ’23 (Undeclared); Cdot, Seoul.** Hope interned at C., a social innovation organization that brings together activists across Asia to exchange ideas and catalyze change. She helped draft a proposal for the ’21 Korea Gender Equality Forum, and contributed to a research project on supportive housing.

**Indigenous Communities Fellows**

Indigenous Communities Fellows participate in summer internships working with nonprofit, government, or tribal organizations on social, political, and/or economic issues impacting American Indian, Alaska Native, Native Hawaiian, and Indigenous Pacific Island communities.

- **Isabella Johnson, ’21 (Management Science and Engineering ); Coquille Indian Tribe, Coos Bay, OR.** Isabella worked with the Coquille Indian Tribe’s legal department who supported her efforts in consulting Cohen’s Handbook of Federal Indian Law and relevant case law on Westlaw to establish the requirements the Coquille must meet to assess their aboriginal rights. She then created interview questions based on these elements for the tribe to use to interview tribal elders and she helped collect oral histories that may be used as evidence to support their aboriginal rights claim.
- Rodrigo Maldonado, ’23 (Human Biology); Pascua Yaqui Tribe, Tucson, AZ.

- Jerri Roper, ’23 (Psychology); Snowbird Cherokees Traditions Corporation - Snowbird Summer Language Program, Robbinsville, NC. Jerri organized and helped to create a Cherokee language curriculum. Jerri also researched more about the language and dialect of the Eastern Band Cherokee natives.

International Public Service Fellows

Through the International Public Service Fellowship, students engage in international service that connects with academic learning and helps them explore career interests.

- Valeria Gonzalez, ’23 (Undeclared); Dejusticia, Bogota, Colombia. Valeria interned at Dejusticia, a nonprofit that focuses on establishing greater rule of law in Colombia and the global south. Valeria specifically worked on researching reparations models for victims of the drug war. She compared the conversation surrounding marijuana legalization and slavery to the conversation about the war on drugs in Colombia.

- Tara Hein, ’23 (Political Science); Observatorio de Desarrollo y Promoción Social A.C., Mexico City, Mexico. Tara interned at the Observatorio de Desarrollo Regional y Promoción Social (ODP), a civil association that works with communities, social and international organizations and foundations, researchers and universities, governments and companies with the purpose of building synergies for the strengthening of institutional capacities in the most conflictive and vulnerable regions of Mexico. She conducted research on the effectiveness of ODP’s interventions in strengthening citizen participation, promoting development, and creating instruments of voice and accountability in remote communities.

- Tinotenda Nyandoro, ’24 (Undeclared); Education USA, Embassy of the United States, Harare, Zimbabwe. Tino worked on an education access project for low income students from Zimbabwe with EducationUSA through the US Embassy in his home country. He guided students applying to American colleges through SAT prep, essay writing and in the general application process.

- Abena Ofosu, ’24 (Undeclared); Smartix Education, Kumasi, Ghana. Abena interned as Smartix Education Consult, an institution that seeks to promote the attractiveness of the STEM industry to low-income students from marginalized Ghanaian communities while equipping them with the necessary skills to solve problems. She developed a computer science curriculum and a teaching framework that makes optimum use of student capacities at each stage.

- Maria Sanchez, ’24 (Undeclared); Nature Power Foundation, Santo Domingo, Dominican Republic. Maria interned at Nature Power Foundation, a nonprofit organization that oversees the development of an eco-village in Azua, Dominican Republic. Maria helped organize an open-data challenge in hopes of solving energy and water issues in Nature Village, the eco-village.
Public Interest Law Fellows
Public Interest Law fellows have the opportunity to spend a quarter working full time in the field of public interest law in the United States.

• Micayla Bozeman, ‘23 (Undeclared); Alameda County Public Defenders, Oakland, CA. Micayla interned at the Alameda County Public Defender's Office. She was given hands-on assignments, such as watching interviews, summarizing witness testimonies, and reviewing court documents, to help the lawyers prepare for their cases.

• Scarleth Contreras, ‘23 (Undeclared); Orange County Public Defender, Santa Ana, CA. Scarleth interned at the Public Defender's office in Orange County, which provides legal representation to indigent clients. She worked under an attorney on the felony panel, working within certain cases to provide aid in preparing for trial.

• Manasa Kumarappan, ‘23 (Political Science); California Appellate Project, San Francisco, CA. Manasa interned at the California Appellate Project, a legal nonprofit organization founded by the State Bar of California to provide assistance with post-conviction litigation efforts for indigent persons facing execution. She assisted in the compilation of resources for appellate counsel in Death Row cases, including condensing expert testimonies, publishing sample pleadings, and drafting summaries of appellate briefs.

• Kendall Matsumoto, ‘22 (Earth Systems and Comparative Studies in Race and Ethnicity); Department of Justice, Federal Coordination and Compliance Section, Washington, D.C. Kendall interned at the Department of Justice, in the Civil Right Division's Federal Coordination and Compliance Section (FCS), which ensures that federal agencies and programs do not discriminate on the basis of race, color, national origin, language, religion, or sex. She assisted on a wide variety of cases, technical matters, and investigations, primarily related to increasing language access in court systems and environmental justice.

• Michaela Phan, ‘23 (Classics); Washington, D.C. Department on Disability Services, Washington, D.C. Michaela interned at the Office of General Counsel for the Washington, D.C. Department on Disability Services. She drafted a petition for a guardianship appointment and a policy memo on requirements for services and notices of hearings, researching how relevant statutes and rules apply to virtual hearings and effective notice during the pandemic and possible methods for providing better service.

• Ashwin Pillai, ‘23 (Undeclared); Lawyers’ Committee for Civil Rights Under Law, Washington, D.C. Ashwin interned with the Fair Housing and Community Development Project at the Lawyers’ Committee for Civil Rights Under Law, a litigation and advocacy organization focused on securing equal justice for all through the rule of law. He drafted city policy, worked on an amicus brief for an upcoming federal case, and performed legal research on fair housing issues.

• Patrick Perez, ‘22 (Undeclared); Transgender Law Center, Oakland, CA. Patrick interned at the Transgender Law Center, an organization that provides legal services and information to Trans folks experiencing discrimination on the basis of their gender identity. Patrick compiled a database of policies affecting incarcerated Trans folks in all 50 states and responded to general helpdesk inquiries/letters from incarcerated persons experiencing discrimination behind bars.
• Kathryn Radziwonski, ’22 (English); Center for Disability and Elder Law, Chicago, IL. Kathryn interned at the Center for Disability and Elder Law, a nonprofit legal clinic that provides legal assistance to low-income, elder, and disabled individuals in the Chicagoland area. She worked on a team of law students and staff attorneys to draft legal documents and work with clients on cases ranging from estate planning to guardianships.

Roland Longevity Fellows
Through the Roland Longevity Fellowship, Stanford students provide service to older adults and/or conduct research on issues of aging, in order to enhance the quality of life and participation in the community for this population.

• Steffi Andersen, ’22 (Biomedical Computation); Peninsula Volunteers, Inc. Rosener House, Menlo Park, CA. Steffi interned at PVI Rosener House, a day care center for adults living with dementia and other chronic conditions. She helped lead virtual group activity sessions, performed wellness calls with participants and caretakers, created Spanish activity videos, and attended the weekly support group to develop a deeper understanding of caring for these individuals.

• Audrey Xu, ’23 (Human Biology); A Little Help, DENVER, CO. Audrey independently implements an organizational modeling and documentary project upon the chief executive officer’s approval. She organized and conducted 20+ guided interviews on staff & volunteers, composed a 25-page final report describing activities & business practices around intended outcomes to promote organization communication with internal and external (government, private foundations, & individual donors) stakeholders.

Rural Summer Fellow
Rural Summer Fellows work with organizations within the U.S. addressing issues facing rural communities (e.g., poverty alleviation, education, civil rights, health, and economic development).

• Kristie Park, ’24 (Sociology); Adventist Health, Hanford, CA. Kristie worked with Adventist Health Tulare and Hanford on projects to increase Medi-Cal application rates amongst patients in rural communities. She launched a pilot study with resident physicians to examine the impact insurance has on providers’ clinical decision-making and partnering with the mobile health unit initiative, designed handouts for patients to clarify the Medi-Cal application process and recent legal changes pertaining to Medi-Cal for immigrants.

Sand Hill Philanthropy Fellows
Through Philanthropy Fellowships, Stanford students can work full-time for Bay Area grantmaking foundations.

• Julia Heymach, ’22 (Economics); San Francisco Foundation, San Francisco, CA. Julia worked at the San Francisco Foundation, a grantmaking community foundation dedicated to advancing racial equity and economic inclusion in the Bay Area. She designed a data analysis plan to better measure
the progress of an SFF program that dedicates resources towards improving the representation of women of color in leadership positions in the nonprofit and government sectors.

- **Pranavi Kethanaboyina, ‘23 (Public Policy); Chan Zuckerberg Initiative, Redwood City, CA.** Pranavi interned at the Chan-Zuckerberg Initiative, a philanthropic foundation focused on education justice and scientific exploration. She worked to develop strategic recommendations for the organization based on ARPA (a recent bill passed by Biden that provides an unprecedented $125B to K-12 public schools). She analyzed 50 state plans and came up with recommendations about where CZI’s efforts could be best used to support racial justice in the classroom and Whole Child education policy.

- **Michelle Ly, ‘21 (Symbolic Systems); Media Democracy Fund, Washington, D.C.** Michelle was a fellow at Media Democracy Fund (MDF), a philanthropic foundation that is working to ensure an open, secure, and equitable internet. She assisted on various projects from creating a database tracking funding across foundation partners to drafting a grant proposal to support grassroots leaders.

- **Jasmine Nguyen, ‘23 (Comparative Studies in Race and Ethnicity and International Relations); Autodesk Foundation, San Rafael, CA.** Jasmine interned at the Autodesk Foundation, a philanthropic branch of Autodesk Inc, which invests in early stage automation and climate change related startups. She created a diversity, equity, and inclusion strategy for the foundation moving forward.

**Schneider Fellows**

The Schneider Fellows program provides Stanford students with opportunities to work at leading U.S. non-governmental organizations (NGOs) in the sustainable energy field.

- **Gabe Alvarez, ‘21 (Engineering Physics); Natural Resources Defense Council, Washington, D.C.** Gabe investigated the local pollution impacts of carbon trading programs and provided analysis in support of robust federal funding for clean energy innovation and deployment.

- **Lizzie Avila, ‘23 (Earth Systems); Natural Resources Defense Council, Chicago, IL.** Lizzie worked with the Midwest Energy Efficiency for All (EEFA) program, that advocates for energy efficiency and affordability in low-income and multifamily housing. She created a tracking system of different energy affordability and anti-eviction policies that had been put in place during the pandemic in the Midwest.

- **Herber Banda, ‘21 (Earth Systems); Environmental Defense Fund, Austin, TX.** Herber worked with the Food and Nutrition Team in the Ocean's Program. He spent his summer looking at fish catch data from Indonesia and Chile to see how to best leverage small-scale fisheries to meet the needs of populations suffering malnutrition.

- **Nomunzul Battulga, ‘23 (undeclared); United Nations Foundation, Washington, D.C.** Nomunzul worked with the Climate Team at the UN Foundation. She assisted with research on climate change impacts in the US and prepared for the release and media analysis of the crucial IPCC Working Group I report.
• **Timothy Dai, ’23 (C.S. & Earth Systems); U.S. Green Building Council, Washington, D.C.** Timothy worked with the Data & Analytics team at USGBC, cleaning and visualizing data, recommending data pipeline revisions, and designing new data pipelines.

• **Bethel Gashaw, ’22 (Civil & Environmental Engineering); U.S. Green Building Council, Washington, D.C.** Bethel interned at U.S. Green Building Council on the Global Market Development team. She focused on various equity initiatives within the organization, including efforts to make green building knowledge more accessible for professionals in the construction sphere.

• **Tule Horton, ’22 (International Relations); Audubon, Washington, D.C.** Tule served as a member of the federal climate policy team. She prepared literature reviews, fact sheets, and slides for congressional offices about various conservation issues, hosted a congressional briefing, and created a story map on the power of natural climate solutions.

• **Patrick Kim, ’24 (Mathematical & Computational Science); Environmental Defense Fund, New York, NY.** Patrick interned with the Energy Team at EDF, where he worked to accelerate the electrification transition in drayage transport trucks. He created an analysis landscaping the drayage process in the Port of New York and New Jersey and laid the groundwork for future action in electrification.

• **Emily Liu, ’23 (Earth Systems); Environmental Defense Fund, Los Angeles, CA.** Emily served as a Vehicle Electrification Research and Analysis Intern, supporting the environmental advocacy group’s efforts to electrify medium- and heavy-duty vehicles (MHDV). She made the case that MHDV electrification is a feasible air pollution mitigation measure for air quality planners.

• **Cathy Lou, ’23 (Earth Systems); Natural Resources Defense Council, San Francisco, CA.** As part of the NRDC’s Western Climate and Clean Energy Team, Cathy advocated for equitable energy policies through regulatory proceedings, research, and analysis. She assisted in a proceeding about solar energy rates, tracked spending trends of Californian utilities, and quantified cost-saving energy efficiency measures for low-income households.

• **Janica Mendillo, ’22 (Earth Systems); Natural Resources Defense Council, San Francisco, CA.** Janica worked with the American Cities Climate Challenge initiative, a program that accelerates local climate action and policy in 25 U.S. cities. She advocated for climate policy that would be most beneficial to cities on a federal level.

• **Jevan Yu, ’23 (Mathematical & Computational Science); Environmental Defense Fund.** Jevan worked on EDF’s Permian Methane Analysis Project (PermianMAP), an ambitious effort to monitor and mitigate methane emissions from oil and gas infrastructure in the Permian Basin. He developed a revised estimate of pipeline emissions, characterized the distribution of small leaks from well sites, and conducted various geospatial analyses of aerial methane measurement data.

**Social E / SENSA Fellows**
Through a partnership between the Stanford Social Entrepreneurial Students’ Association (SENSA) and the Haas Center, fellows work in the social entrepreneurship arena with established social entrepreneurs as mentors.
• **Anna Greene, ’21 (Comparative Studies in Race and Ethnicity); Edstruments, Redwood City, CA.** Anna worked as a designer and data scientist for Edstruments, an edtech startup. They spent their summer designing assets for budget analysis tools and the Edstruments product and also creating a school budget comparison report tool.

• **Isabella Jordan, ’24 (Undeclared); Quadrant Technologies, Palo Alto, CA.** Isabella interned at Quadrant Health, an AI startup that develops machine learning models to predict hospital-acquired conditions in patients to minimize rate of infection and alleviate risk within hospital experiences. She worked to do medical research on different conditions as well as machine learning research which ended up in drafting a literature review report of Quadrant’s own machine learning model.

• **Tyah-Amoy Roberts, ’23 (Political Science); Data for Black Lives, New York, NY.** Tyah-Amoy served as the Policy and Organizing Fellow for Data for Black Lives, a nonprofit organization that uses data science to create concrete and measurable change in the lives of Black people. She streamlined and documented the social media and communications policy for the organization and created a crash course video on public safety.

**Spirituality, Service, and Social Change Fellows**
The Spirituality, Service and Social Change Fellowship integrates spiritual exploration with service to communities in the Bay Area.

• **Brooke Beyer, ’22 (International Relations); Accountability Counsel, Washington, D.C.** Brooke interned at Accountability Counsel, an international nonprofit that amplifies the voices of communities to protect their environment and human rights. Brooke supported the policy team, drafting advocacy materials, completing background research on independent accountability mechanisms and updating the organization’s website.

• **Danielle Healy, ’23 (International Relations); Equality California, Los Angeles, CA.** Danielle interned at Equality California, the largest statewide organization committed to advocating for the LGBTQ+ community. She worked on policy and public health research and materials to support the organization’s mission to uplift LGBTQ+ visibility and equality.

• **Valentine Janigian, ’22 (American Studies); World Faith, New York, NY.** Valentine interned at World Faith, an international nonprofit based in NYC that seeks to end religious violence by mobilizing religiously diverse youths. Her main role was to draft impact reports that evaluated the efficacy of World Faith’s diversity projects in Pakistan and Nigeria improving each program’s strategies for peacebuilding in ’22.

• **Corey Lamb, ’22 (Sociology); Transgender Law Center, Oakland, CA.** Corey worked this summer as a Legal Services Project intern at the Transgender Law Center, which connects individuals, incarcerated and not, with legal information and resources. He worked on the Prison Mail Response and Legal HelpDesk teams providing information to individuals, updating resources in the databases, and efforting to improve the overall efficiency of the programs.
• Sophia Lamas, ’24 (Undeclared); Lutheran Family Services Rocky Mountains - Refugee & Asylee Program, Denver, CO. Sophia interned at Lutheran Family Services Rocky Mountains Refugee and Asylee Program, a nonprofit organization that provides a multitude of services for approved refugees and asylees (such as immigration, rental assistance, job assistance, tutoring, ESL classes, cultural orientation, etc.). She helped organize a team that provided all of the above services (and more!), maintained contact with clients, and helped keep the organization up to date on global refugee news.

• Athena Xue, ’24 (Undeclared); Peninsula Volunteers, Inc., Menlo Park, CA. Athena interned at Peninsula Volunteers Inc., primarily with their adult day service center Rosener House, to develop an art program for their elderly clients and help with other activity groups involving games and music. She also organized weekly take-home art kits and tutorials for seniors and their caregivers to stay engaged even outside of Rosener House, and she helped create marketing materials as well.

Stanford in Government Fellows and Stipend Recipients
The SIG Fellowships and Stipends Program provides undergraduates meaningful exposure to government and public policy through intensive summer internships.

Stanford in Government Fellows

• Manar Barsi, ’22 (Economics); World Bank - Bureaucracy Lab, Washington, D.C. Manar served as the SIG Fellow at the World Bank Bureaucracy Lab during the summer of ’21. She worked directly with economists and data scientists to conduct field research on civil service in post-conflict societies, focusing on west Africa.

• Sarah Bitter, ’22 (Economics); World Bank Group - Development Impact Evaluation (DIME), Washington, D.C. This summer, Sarah interned at the World Bank’s Development Impact Evaluation group, a subdivision that focuses on generating data and research in order to advance development policy. She worked in Stata and R to contribute to a meta-analysis study by reproducing the results of several economic studies.

• Sam Catania, ’24 (Undecided); National Center for Learning Disabilities, Washington, D.C. Sam interned at the National Center for Learning Disabilities, a nonprofit that works to advocate for the one in five students with learning and attention issues nationwide. He researched politician voting history to determine potential policy champions and outlined communication plans to help uplift NCLD’s mission.

• Karen Cho, ’24 (Political Science); Santa Clara County Office of Reentry Services, San Jose, CA. Karen interned at the Santa Clara County Office of Reentry Services, an office that provides reentry services ranging from employment to housing for individuals recently released from jail. She researched into a number of different topics related to reentry and improving reentry systems, coordinated a roundtable discussion on the racial wealth gap, and proposed improvements to reentry presentations delivered at Elmwood Jail.

• Andrew Conkey, ’23 (Undeclared); Millennium Challenge Corporation, Washington, D.C. Andrew interned at the Millennium Challenge Corporation, an independent federal foreign aid agency that
forms compact and threshold programs with partner countries. He contributed analysis to two country teams and created automated scripts for macroeconomic analysis.

- **Ayelet Drazen**, ‘22 (Political Science); Cybersecurity and Infrastructure Security Agency (CISA), Arlington, VA. Ayelet interned at the Cybersecurity and Infrastructure Security Agency (CISA), a federal agency that addresses cyber threats to American critical infrastructure. She worked with the International Team to coordinate efforts with international partners to enhance these cybersecurity efforts.

- **Sarah Gao**, ‘24 (Economics and Political Science); New York City Economic Development Corporation, New York, NY. Sarah interned at the New York City Economic Development Corporation, a city organization that leverages New York City's assets to create jobs and attract businesses for economic growth across all five boroughs. She built relationships with workforce development providers, businesses, academia, and philanthropy to create awareness of NYCEDC programs and initiatives to identify mutually beneficial collaboration opportunities.

- **Max Hampel**, ‘23 (Economics and Symbolic Systems); United Nations High Commissioner for Refugees (UNHCR), Geneva, Switzerland. Max interned at the UNHCR's Innovation Service, a specialized team within the UN that focuses on ideating, creating, and supporting innovative approaches and solutions to humanitarian crises. He worked on predictive algorithms to track the flow of Venezuelan migrants, utilized ML-based software to collect and categorize data, and further supported the team on various ad hoc projects related to innovation.

- **Nina Iskandarsjach**, ‘24 (International Relations); Library of Congress, Washington, D.C. As the Liljenquist Fellow for the Prints & Photographs Division of the Library of Congress, Nina worked to researching and promote images in the Liljenquist Family Collection of Civil War Photographs. She focused specifically on researching lesser-known photographers and colorists, and her research was used to update the Library's catalog records.

- **DeAndre Johnson**, ‘24 (Undeclared); San Jose Parks and Recreation Fellowship, San Jose, CA. DeAndre interned at the City of San Jose Parks, Recreation, and Neighborhood Services with the Strategic Partnership Unit of the Mayor's Gang Prevention Taskforce to improve the direct impact of its programs and services. He spearheaded research and data collection efforts in the development of a hot spot map of gang impactedness in the city.

- **Rachel Kim**, ‘22 (Public Policy); U.S. Department of Health and Human Services, Washington, D.C. Rachel (remotely) interned at the U.S. Department of Health and Human Services, and more specifically, at the Office of the Assistant Secretary for Planning and Evaluation. Her main project involved creating and presenting on dissemination strategies for a white paper on building data capacity for patient-centered outcomes research on individuals with intellectual and developmental disabilities.

- **Lauren Kong**, ‘23 (Undeclared); Federal Communications Commission, Washington, D.C. Lauren interned as a software engineer for the FCC's Office of Economic and Analytics in the Data Division on the Broadband Data Collection Project implementing the Mobile Challenge Verification Process algorithm.
• Lucas Leanza, ’23 (Economics and Political Science); New York City Economic Development Corporation, New York, NY. Lucas interned at the NYC Economic Development Corporation, providing logistical support to maintain the economic development goals of the corporation in New York City. He provided logistical services and updates to the rest of the team.

• Xavier Martinez, ’23 (Undeclared); Federal Communications Commission, Washington, D.C. Xavier worked virtually for the Federal Communication Commission's Office of Economics and Analytics. He assembled and analyzed a dataset of phone call rates to prisons and jails in order to identify trends surrounding abnormally high prices to inmates.

• Sajan Mehrotra, ’23 (Undeclared); World Bank Group - Development Impact Evaluation (DIME), Washington, D.C. Sajan interned at the World Bank Group’s DIME division, helping understand the impact of the bank’s projects. He created a plan to assess the environmental effects of a World Food Programme project in the Sahel region of Africa, extracting and analyzing publicly available satellite data.

• Kirsten Mettler, ’23 (Political Science); AccessNow, New York, NY. Kirsten interned with Access Now, an international nonprofit organization that advocates for human rights in the digital world. She wrote a report on gender harassment in video games and facilitated transparency reporting advocacy with technology companies.

• Olivia Morello, ’22 (International Relations); Office of Under Secretary of Defense, Washington, D.C. Olivia interned at the Department of Defense’s International Armaments Cooperation Directorate, which works to enhance US warfighting capabilities and the capabilities of US allies by facilitating collaboration on the research, production, and procurement of defense-related technologies. She supported bilateral engagements with multiple countries through preparing briefings and coordinating meeting logistics, contributed to the agency’s weekly reporting efforts, and drafted a personnel exchange agreement between the Department of Defense and a foreign ally.

• Aditi Narayanan, ’24 (Environmental Science and Economics); San Jose Parks and Recreation Fellowship, San Jose, CA. Aditi worked for Project Hope of the San Jose Parks and Rec department, which aims to work towards conservation, health, and wellness for communities in the Greater San Jose community. She created a training manual for local community leaders to form neighborhood associations to work with city governments and forge community connections!

• Roda Nour, ’23 (Undeclared); Governor Newsom’s Office, Sacramento, CA. Roda interned in the office of Governor Gavin Newsom with Legislative Affairs. She provided administrative support, completed policy analysis, researched legislative bills, and wrote policy memos.

• Haleigh Quinn, ’22 (Public Policy); National Museum of African American History and Culture, Washington, D.C. Haleigh interned at the Smithsonian’s National Museum of African American History and Culture, a federally funded museum that hosts the world’s largest collection of African American historical and cultural objects. She assisted the Office of Curatorial Affairs in the research and acquisition of critical objects to be displayed in a forthcoming exhibition.
• **Julia Paris, ‘21 (Economics and Public Policy); California Department of Education, Sacramento, CA.** Julia interned at the California Department of Education, in the Analysis, Measurement, and Accountability Reporting Division. Based on the State Board of Education's request to disaggregate student growth scores by English proficiency level (as measured by the English Language Proficiency Assessments for California), she developed and presented a report evaluating the feasibility of completing this analysis.

• **Luis Quiroga, ‘22 (International Relations); World Bank - Bureaucracy Lab, Washington, D.C.** Luis interned at the Bureaucracy Lab, an initiative within the World Bank Research Group that has created survey data in more than thirty countries to make the public sector more efficient around the globe. Luis created a promotional video to be published on the Global Survey website, analyzed the improvement across two surveys, and wrote a literature review on Digital Government to be published in two countries' reports.

• **Lily Raaka, ‘24 (Undeclared); National Center for Learning Disabilities, Washington, D.C.** Lily was a Policy and Advocacy intern at the National Center for Learning Disabilities, an organization that advocates for people with learning disabilities. During her internship, she made a blog post about a bill in Congress and wrote a memorandum and internal guide about math learning disabilities.

• **Evnai Radya-Dixit, ‘21 (Computer Science); Cybersecurity and Infrastructure Security Agency (CISA), Arlington, VA.** Evnai interned at the Cybersecurity and Infrastructure Security Agency (CISA) within the International Affairs Branch. Evnai created briefing materials for CISA leadership, developed CISA's strategic plan with the United Kingdom, and advanced planning for National Cyber Security Awareness Month.

• **Ryne Reger, ‘24 (Prospective Public Policy); Santa Clara County Office of Reentry Services Spring, San Jose, CA.** Ryne interned at the Santa Clara County Office of Reentry Services, which serves to support and create opportunities for individuals leaving incarceration as they reenter the community. He worked on a range of projects including researching the need and effectiveness of current family finding and reunification efforts, along with determining possible pathways to increase employment opportunities through social enterprise and education.

• **Savanna Stewart, ‘22 (Political Science); Ghana Center for Democratic Development, Accra, Ghana.** Savanna interned at the Ghana Center for Democratic Development, a nonprofit and nonpartisan research and advocacy think tank that works to uphold and promote the ideals of democracy and good governance throughout Africa. Savanna was responsible for researching a number of topics considered to be influential to Ghana and its people—mining, proximity to terrorist activities, etc.—and producing reports that could be used as briefs, introductions to full length research project reports, and other deliverables.

• **Melina Solis, ‘22 (Political Science); San Francisco District Attorney’s Office, San Francisco, CA.** Melina interned at the San Francisco District Attorney's Office in the Communications and Policy departments. She conducted research for groundbreaking progressive policies and created easily accessible primers on office initiatives for the public.
• Anastasia Sotiropoulos, ‘23 (Undeclared); Library of Congress, Washington, D.C. Anastasia interned at the Library of Congress' Prints & Photographs Division, where she researched portraits from the Liljenquist Family Collection of Civil War Photographs and specialized in Black Americans' role during the Civil War. In addition to presenting her findings, she created content for the Library's Instagram, blogs, and Flickr.

• Isabel Wang, ‘21 (Symbolic Systems and Human Biology); U.S. Department of Health and Human Services, Washington, D.C. Isabel served as a Stanford in Government Fellow at the United States Department of Health and Human Services. During her internship with the Division of Health Care Quality and Outcomes, she combined her experience improving social justice with her passion for health equity and health policy while researching her main projects on health care access, social determinants of health, mental health, telehealth, data linkage, data standards, and data visualization.

• Alisha Zhao, ‘21 (Political Science); National Labor Relations Board, Washington, D.C. Alisha interned at the National Labor Relations Board, an independent Federal agency established by the Congress to administer the National Labor Relations Act. She served as a courtroom deputy to assist with unfair labor practice hearings and, under the direction of senior staff attorneys, reviewed relevant Board decisions and rules, discussed her findings, and prepared memoranda analyzing the issues.

• Vivian Zhu, ‘23 (International Relations); East Asia Institute, Seoul. Vivian interned at the East Asia Institute, a non-profit, independent think tank in South Korea committed to producing policy recommendations through interdisciplinary research on the main challenges facing Asia. She supported the Institute's educational programs with administrative and graphic design work and served as the editor for several papers published in the ‘21 Asia Democracy Research Network special report series.

**Stanford in Government Stipend Recipients**

• Lee Alpert, ‘22 (Computer Science and Management Science & Engineering); New York City Cyber Command, New York, NY. Lee Interned at New York City Cyber Command (NYC3), which protects the technology and systems infrastructure of the largest municipality in the country from cyber threats. As a part of the Strategic Planning Team, she designed roadmaps and strategic plans to increase the cyber resiliency of New York City agencies.

• Emma Buday, ‘24 (Undeclared); Climate Cabinet, San Francisco, CA. Emma interned at Climate Cabinet, a nonprofit start-up designed to help state campaigns effectively run and legislate on the climate crisis by analyzing policy and vote records. She extensively researched existing climate policies within several influential states, and analyzed hundreds of environmental bills for a national database of political climate scorecards, which will be used to hold state legislators accountable.

• Sean Casey, ‘23 (Economics); The White House - Office of National Drug Control Policy, Washington, D.C. Sean interned at the White House in the Office of National Drug Control Policy. He developed messaging, liaised with congressional offices, and built initiatives across the Executive Branch.
• **Brice Jansen, ’22 (Human Biology); United States State Department, Bureau of Global Public Affairs, Office of Social Media, Washington, D.C.** Brice interned with the Digital/Social Office under the Bureau of Global Public Affairs at the U.S. Department of State. Here, she drafted and designed social copy and content for the Department of State’s flagship social media accounts.

• **Kai Kato, ’22 (International Relations); Department of State - Bureau of East Asian and Pacific Affairs, Japan Desk, Washington D.C.** Kai interned at the Office of Japanese Affairs in the U.S. Department of State, an office that facilitates the U.S.-Japan diplomatic relationship by coordinating policy and communication between U.S. government officials and counterparts in the Government of Japan and other foreign entities. Kai wrote talking points for senior officials, wrote background papers, and facilitated meetings.

**Stanford Nurse Alumnae Fellow**

Students interested in exploring nursing as a career can choose a summer healthcare experience and organization that best fits their interests and needs, in a hospital, community-based clinic or other public health organization.

• **Nicole Jehl, ’23 (Human Biology); Boston Children’s Hospital: Division of Genetics and Genomics, Boston, MA.** Nicole interned at the Yu Laboratory of Boston Children's Hospital, which focuses its research on developing drug therapies for rare pediatric genetic diseases, a historically overlooked population in medicine. There, she assisted with the research and design of a line of experimental drugs for a patient case, developed educational materials for providers and patient families, and performed deep literature and bioinformatic review of potential new cases to present to the team.

**Stanford Pride Fellows**

Offered jointly with the Stanford Pride Alumni Club, the Stanford Pride Fellowship strives to promote activism within the lesbian, gay, bisexual and transgender (LGBT) communities in the United States and around the world.

• **Ava Snow, ’22 (Human Biology); The PRIDE Study, San Francisco, CA.** Ava interned at The PRIDE Study, which is a national longitudinal cohort study of LGBTQ+ people that focuses on how being LGBTQ+ impacts social, mental, and physical health. She specifically worked on a project about different pathways to family building for LGBTQ+ people.

• **Hana/Connor Yankowitz, ’23 (Feminist, Gender, and Sexuality Studies); Peacock Rebellion, San Francisco, CA.** Hana/Connor interned at Peacock Rebellion, a QTBIPOC arts-activism nonprofit with a focus on healing and disability justice. They worked on a best practices guide for funders working toward equity, as well as analyzing grant data from the California Arts Council to create policy recommendations.

**Steinbeck Service Fellowship**

Offered jointly with the English Department, Steinbeck Fellows complete a summer of service and a creative writing project in California’s Salinas Valley or Central Valley in the spirit of John Steinbeck,
• **Vicky Isarraras, ’23 (Psychology); California Rural Legal Assistance, Inc, Salinas, CA.** Vicky interned at California Rural Legal Assistance (CRLA), a nonprofit organization that provides legal assistance to low-income, agriculture workers in rural areas in California. She worked as an intake counselor for workers struggling with work issues pertaining to COVID-19 and completed wage and hour claim calculations for clients.

• **Hannah Walton, ’22 (English); National Steinbeck Center, Salinas, CA.** Hannah interned at the National Steinbeck Center, a museum and memorial dedicated to John Steinbeck that serves the community through education programs that strengthen both students' writing skills and teachers' curricula. Hannah created three separate lesson plans that connect music with Steinbeck's works "The Red Pony," "Cannery Row," and "The Pearl."

• **Rachel Rodriguez, ’23 (Undeclared); Fresno State University, Fresno, CA.** Rachel interned as a research assistant at Fresno State University with Dr. Shane Moreman in the communications department, researching virtual reality applications in education and in marginalized communities. She assisted in developing a public speaking course for FSU undergraduates that will utilize virtual reality as an educational tool.

**Urban Summer Fellows**
Urban Summer Fellows spend a summer working at an organization addressing urban issues (e.g., architecture, community organizing, urban planning, education, and civil rights).

• **Gema Quetzal, ’23 (Comparative Studies in Race and Ethnicity); The Bail Project, Los Angeles, CA.** Gema interned with The Bail Project's policy team, a non-profit that fights mass incarceration. She had the opportunity to expand her knowledge in the criminal justice system and advocate for policies that disrupt the mass incarceration system.

• **Caitlin Jaeggli, ’22 (Environmental Systems Engineering); Smart Surfaces Coalition, Washington, D.C.** Caitlin interned at Smart Surfaces Coalition, a nonprofit aiming to increase urban sustainability and equity. During her time at SSC, she created a model that shows the benefits of green walls as they pertain to reducing temperatures, energy costs, and food insecurity in low-income neighborhoods that are the most lacking in green space.

• **Nadia Eugene Jo, ’23 (Political Science); San Francisco District Attorney's Office, San Francisco, CA.** Nadia interned at the San Francisco District Attorney’s Office, working in the Mass Expungement Project of the Post-Conviction Unit. She created court motions to expunge and reduce charges for individuals convicted of felonies and marijuana-related crimes.

• **George Lausten, ’21 (Psychology); Shoes That Fit, Claremont, CA.** George interned at Shoes That Fit, an organization dedicated to providing shoes for children who need them and thus accounting for a visible sign of poverty in America—the shoes one wears.

• **Nora Mousa, ’24 (Undeclared); Santa Clara County Public Defender's Office, San Jose, CA.** Nora interned at Santa Clara County’s Public Defender Office, where she assisted a Public Defender by reviewing and summarizing evidence, writing investigation reports, and writing trial motions.
• **Lindsay Newfeld, ‘22 (Political Science); Restore Justice, Chicago, IL.** Lindsay interned at Restore Justice, a nonprofit organization in Chicago, Illinois that advocates for a fair and humane criminal justice system with a primary focus on youth impacted by extreme sentences. She created a report detailing recommendations for improving unfair plea bargaining practices in Illinois and contributed research and operational support to further Restore Justice’s policy objectives.

• **Karla Roman, ‘24 (Undeclared); Immigration Institute of the Bay Area, Redwood City, CA.** Karla interned at the Immigration Institute of the Bay Area, an organization that provides affordable immigration services throughout the Bay Area. She worked with lawyers to best support current and potential clients seeking different forms of immigration relief.

• **Hong Le Xuan Vo, ‘24 (Undeclared); Bayview Hunters Point Community Advocates, San Francisco, CA.** Hong interned at Bayview Hunters Point Community Advocates, specifically the Southeast Community Council that supports environmental and economical policy around Bayview area. Hong attended meetings and took notes, sent reminders, as well as conducted research on listings of all toxics sites.

• **Arabella Walley, ‘24 (International Relations Major); Immigration Institute of the Bay Area (IIBA), Redwood City, CA.** Arabella interned at the Immigration Institute of the Bay Area, an organization that provides affordable, high-quality immigration legal services throughout the Bay Area. She provided technical support via Zoom for virtual DACA and Naturalization workshops, helped screen and register clients for events, gathered and organized documents, and drafted declarations and cover letters for cases.

• **Jessica Zhu, ‘24 (Political Science); Santa Clara Public Defender's Office, Santa Clara, CA.** Jessica interned at the Santa Clara County Public Defender’s Office, assisting a public defender with her cases, clients, and hearings. She put together evidence summaries of body camera footage and relevant documents, sat in on client meetings and court proceedings, and wrote timelines of events for various cases.
